

Class 6

Subject Enrichment

1. Collect any 5 flowers from your neighborhood.
2. Draw the flowers or press and stick them and make an album.
3. Find out and write their local names and scientific names with their uses.
4. Explain with diagrams herbs, shrubs, Trees, Creepers and Climbers-.
5. Draw five different types of leaves.

Note: Parents may guide your ward. Give ideas but let your child do her/his assignment.

Use your creativity to make it INFORMATIVE and COLOURFUL.
