

Dear Parents,

We are happy to announce that our School proposes to organize a tour to South Korea as part of its **Out Bound Learning (OBL)** program in November 2016.

At The Lawrence School, Lovedale, we redefine learning. We make teaching and learning relevant, engaging and joyful for all. Students' learning must be connected to the real world, to comprehend and apply to their lives. An Out Bound Learning experience is an opportunity for students to explore a new culture, visit a new land, meet people and move into a specialized realm of human functioning such as cognition and perception, besides involving integrated functioning of the total being i.e. feeling, thinking, perceiving and doing. A child is curious and wants to make sense of things, find out how things work, gain competence and control over herself/himself, and his/her environment. A child is open, receptive, perceptive and does not shut himself/herself off from the strange, confused and complicated world around him. The child observes it closely and sharply, and tries to take it all in. He/she is experimental.

Parents may give their child an opportunity to explore the world, through the unique experience facilitated by the school. Interested parents are requested to confirm their consent before 20<sup>th</sup> September, 2016 to Coordinator-OBL Ms Sashikala Radhakrishnan at **skr@thelawrenceschool.org**, Mob. 9487542314 or Dean of Activities Ms Sujata Ganesan at **doa@thelawrenceschool.org**, Mob 9443522954. Please do send a confirmation mail along with the indemnity bond at the earliest to enable us to complete the travel plans.

The cost of the tour is approximately Rs. 1,10,000/- to South Korea. The itinerary is enclosed for your reference. You may also click the following YouTube link and see the video of last year's OBL to South Korea - **<https://www.youtube.com/watch?v=1PTNwAIDzM>**
